We make time for unicorns

THIS IS US

Hey there! We're Venia and Giovanni - partners in work and in life - and we believe in the magic of unicorns! As designers, we're always on the move, exploring the world and seeking inspiration for our toy designs. We love seeing children grow up with high-quality toys that spark their imagination and creativity. That's why we decided to create a world of our own, where unicorns roam free and anything is possible.

Introducing The Tea Club - our passion project that combines our love of design, play, and tea! Just like a good cup of tea, playtime should be a ritual that's savoured and enjoyed. We pour our hearts into each toy we create, crafting elegant shapes and delightful colours that spark joy for both kids and adults. And, of course, we make sure our toys are safe, non-toxic, and built to last.

Our son AD is the inspiration behind The Tea Club. He's our little designer-in-training, always curious and eager to try out new things. As parents, we were motivated to create toys that were safe, natural, and fun for AD to play with. And as tea lovers, we knew that a slow, intentional approach to playtime was key.

Craftsmanship, premium materials, and investing the time needed to create something truly unique - that's our recipe for a great Tea Club toy! Each toy we create is a product of our experience in design, our love for AD, and our dedication to crafting toys that inspire joy and creativity.

So if you're looking for a world of enchantment, creativity, and unicorns, you've come to the right place! Join us in The Tea Club and make time for unicorns - we promise you won't regret it.
